

Mark Justin Abare

BSIT Graduate

Angat, Bulacan | 09090599671 | abaremj078@gmail.com | abare-portfolio.vercel.app

PROFILE

Motivated and detail-oriented BSIT Graduate with a solid foundation in information technology, including software development, basic hardware troubleshooting, and system support. Knowledgeable in web and mobile technologies, with experience developing applications and working with modern development tools. Adaptable, quick to learn, and capable of working effectively in dynamic environments. Eager to apply technical skills, problem-solving abilities, and a continuous learning mindset to contribute to organizational goals and grow as an IT professional.

EDUCATION

Bulacan State University - Bustos Campus

Bachelor of Science in Information Technology
Specialization in Web and Mobile Development

2022 – 2026

PROJECTS

FireQuakeEscape - 3D Evacuation Simulation Game for Bulacan State University - Bustos Campus

Capstone Project - Mobile Evacuation Game
Best in Capstone

FireQuakeEscape is a Unity and C# mobile game that teaches fire and earthquake evacuation. It uses realistic 3D scenarios to guide users through proper emergency procedures and track their performance. The game makes disaster preparedness interactive, engaging, and easy to learn.

The Nest Café – Online Ordering and Café Management Website

Individual Project - Café Website System

The Nest Café is a web-based platform developed using HTML, CSS, JavaScript, and PHP for easy menu browsing and online ordering. It features an organized layout with smooth navigation to enhance the user experience. The website provides a simple, welcoming, and accessible online café experience.

EXPERIENCE

Front-End Developer - Intern SMESoft Inc.

- Developed responsive client web applications using HTML, CSS, TWIG, JavaScript, and Bootstrap.
- Collaborated with the development team to implement UI features and enhance user experience.
- Tested, debugged, and optimized web pages for responsiveness and cross-browser compatibility.
